Subject: Completion of FortiGate Network Security Awareness and Professional Training

Dear Takagi san, Ibu Yosette and Pak Felix
Cc. IT SAOR

Good afternoon,

We are proud to inform you that the PYID, YLID, and YSID teams have successfully completed the FortiGate Network Security Awareness and Professional Training held on Wednesday, May 29, 2024.

All participants have completed the training with satisfactory results, as detailed in the attached survey and photos.

As a result, the IT team members who participated in the training now possess enhanced expertise and knowledge in FortiGate Professional and Network Security Awareness.
This training equips them to better handle the FortiGate security system in each Opco.
We are confident that the knowledge gained will contribute to improving the company's system security.

Thank you for the support and participation of everyone who contributed to making this training a success.

In the future, after six months, I plan to further enhance the skills of the IT teams by enrolling them in more advanced and detailed training on FortiGate products.

Thank you for your cooperation.
